

## INNER CITY OF SYDNEY YOUTH HOMELESSNESS SERVICE

### Client Consent Form working with Partner agencies

*Launchpad Youth Community Inc., WEAVE and the Ted Noffs Foundation are a consortium of leading youth service practitioners, who have come together to deliver the newly funded Inner City of Sydney Youth Homelessness Support Service. The service is funded by the NSW Department of Family and Community Services (FACS) through the Specialist Homelessness Services (SHS) Program. The Inner City of Sydney Youth Homelessness Support Service will deliver a model of service delivery which is built upon the pre-existing expertise of the partners.*

*In order to achieve the best outcomes for you and your family, our services work in an integrated fashion, both through intake of clients, allocation of clients with the consortium partner who best meets their needs, and through case coordination. This means that your information will need to be shared with the three consortium partners.*

*Clients can choose to not agree to information being shared with particular partners, however this may limit the service provision that we are able to provide to you.*

*Additional written consent from you will still be required for the project partners to discuss any information with other services outside of the consortium.*
